Mineral Exploration

2026 Vol.17 No.6

Contents

Feature of This Issue

Mineralization characteristics, genesis mechanism, and exploration implications of the Xiangnan Huangshaping polymetallic lead-zinc-tungsten-molybdenum deposit: Take Huangshaping lead-zinc-tungsten-molybdenum polymetallic mine as an example ····· MA Shengchao, WANG Jionghui, LAI Shouhua, JIANG Junhua, WANG Haoran, ZONG Zhihong(925)

General Geology

Middle Permian bimodal volcanic rocks in Wudenghan area, Alxa: Petrogenesis and tectonic implications ····· XIE Rong, WU Lei, ZHAI Xinwei, LI Xia, KA Maocuo, WANG Erteng, ZHANG Manyin, LIU Xinrong, LI Yuqiong, WANG Jinrong(946)

Prediction of residual oil distribution patterns based on the classification and characterization of reservoirs in the outer front of marine deltas ····· MIAO Yun, WAN Qionghua, LI Qingming, WEN Xin, CHEN Chen, GONG Zheng(963)

Economic Geology

The genesis of the Budunwula vein-type silver deposit in the Southern Da Hinggan Mountains: Constraints from trace elements and sulfur isotopes of pyrite by LA-(MC)-ICP-MS ····· ZHANG Peichun, WU Liwen, GUO Lingjun, YANG Jianjun, ZHANG Hong, WANG Xiaomin, HAN Li(975)

Uranium mineralization and prospecting direction in the Wushijiazi Area, Pingzhuang Basin ····· DONG Fangsheng, ZHANG Huanan, ZHANG Chengyong, WEI Lianhuan, LYU Donglin, WANG Shengwen, ZHANG Song, WANG Xiao(986)

Fluid inclusion characteristics and geological significance of Lizigou gold deposit in Xiong'er Mountain Area ····· ZHANG Qingshan, LI Jianling, LIU Qingquan, SHAO Yongjun, ZENG Yi, LI Bing, HU Lijun, ZHAO Hongtao, CHEN Xiangyang, SUN Hongtao(997)

Geological conditions and geochemical characteristics of the Permian manganese mineralization in Gexue, Xuanwei City, Yunnan Province ····· KUANG Shuanglei, CHENG Dayu, LI Baoqing, ZHOU Wei, CHEN Qianlong(1009)

Magmatic metallogenic mechanism of the Longmen porphyry molybdenum deposit in the Early Cretaceous Taihang Mountain ····· AN Yuehui, LIANG Chan, CHEN Yu, KANG Zhijuan, DING Ningning, LI Tianqi, SONG Sijia, SUN Xinyu, MA Jinhu(1023)

Geological and geochemical characteristics and metallogenic significance of the lower Cambrian Shuangyingshan Formation in the north of Hongliugou, Beishan, Gansu Province ····· LIU Xiaofeng, YANG Zhiyong, YANG Aiping, LI Haoyu, YANG Xingyu(1036)

Exploration Technology

Analysis of the geothermal resources occurrence characteristics in Renhe District, Panzhihua, southern Sichuan Province——Based on MT, AMT exploration and drilling verification ····· GONG Xu, WEI Yang, ZHANG Jun, WANG Yangling, ZUO Huancheng, XIAO Yang(1050)

Geochemical characteristics and geological significance of the stream sediments: Implication for metallogenic prospect in the Jinxiu Area, Guangxi ····· MA Wenfu, LIAO Haizhi, HU Xugang, YE Shaojian, HUANG Guangai, LEI Lu, YANG Baoding, WEI Renyuan, CHAI Mingchun(1060)

Hydrogeology, Engineering and Environmental Geology

Evaluation and source tracing of heavy metal pollution in agricultural soil around a coal mine in Anyang ····· HUANG Ting, ZHANG Hengbo, LIU Yiming, LI Bin(1070)

Analysis of geothermal field distribution characteristics and influencing factors in Shapinggou area, Anhui Province ····· WANG Wenxi, FENG Jiahao(1080)

Characteristics of heavy metals accumulation and ecological risk assessment in soil-crop systems of cultivated lands in Dengfeng City ····· ZHANG Yan, GU Zhiyun, ZHAO Xinlei, YANG Yunzhao(1090)

Distribution characteristics of soil and groundwater pollution in and outside the boundary of a legacy site of a coking plant in certain region ····· GUO Xiaodong, WANG Lei, TIAN Dezhi, HAO Guibao, JIAO Shan(1102)

Stability evaluation of the roof and floor of Zhaogu No.2 mine based on AHP fuzzy mathematics ····· DU Xiaochong, ZHAO Mingkun, LI Xinfa, ZHANG Shuo(1111)

Book Review

A review on the book *Metallic Mineral Resources: The Critical Components for a Sustainable Earth* ····· YANG Liqiang, CHEN Zuyan(1124)
